Product Description

Kress 60 V 16" brushless line trimmer— tool only - KG160.9

Equipped with Brushless motor, KG160.9 delivers the power of petrol without the hassles or emissions. With quick line load design, you can rewind the line easily in seconds.

- Petrol-like power & performance, the perfect line trimmer for tough applications and larger lawns
 - Kress-built brushless motors deliver greater levels of power, runtime and an extended service life
 - Quick line load design for rewinding the line easily. Insert the line into the spool directly and twist the rotary knob, it reloads in seconds
 - ECO mode with variable-speed trigger control helps maximise the efficiency, run time and ease of use
 - Multi-Position Handle ensure the optimum balance and control for slope and height adjustment
 - Part of Kress 60V Battery System, one 60V battery can power all Kress 60V tools
-
